

Press room 1st day race

20th SEMAINE DE PORQUEROLLES

Tuesday, May 10th! Things are getting serious! Starting at 9 am this morning skippers and competitors are all there and attentive to the first, and theoretically unique, briefing of the week. After Alain Vidal, President of the SDP2018, welcome speech, Nathalie Pébérel, President of the Race Committee of the Apha Zone, announces several clarifications and adjustments to the race instructions.

This is on the Alpha zone that the 12mR and the IRC 0, 1 and 2 will be racing.

On the Bravo Zone, chaired by Philippe Enel, IRC3 and 4 will compete.

Then, Alain Vidal introduces Yoann Peronneau, Jury Président, and Brigitte Fabre Technical Comité President.

The briefing will be concluded by the Porquerolles Harbour Master for a reminder of the navigation and safety rules applicable around the harbour.

An evanescent wind will force to send the delay flag, but everything gets quickly back to normal and all racers are on the water from 11 am waiting on their respective race committee instructions.

The three 12mR, France, Ikra and Sovereign, start the party at 11:45 am as soon as the wind stabilizes. Then all classes starts spread and all sailboats are racing shortly after noon.
